VALUATION GUIDE FOR NON-CASH ITEMS DONATED TO A CHARITY

The following is a list of average prices in a thrift store assuming they are in good condition. New or expensive items would be higher and damaged materials would be lower.

This list is for your guidance only. There are variables to be considered such as condition, age, antique value, cleanliness, repair needed and original retail price.

COMPREHENSIVE GIFTING STRATEGIES

Ask one of our preparers about comprehensive gifting strategies such as:

Skip-year giving/bunching to meet increased hurdle for itemization

Donating appreciated securities to charity will reduce income tax liability and eliminate capital gains tax on the assets.

Qualified charitable distributions can be counted toward satisfying your RMD amount for the year, up to \$100,000, and can also be excluded from your taxable income.
